Dreaming of your future? To make dreams come true, you need to have clear goals and, very likely, save some money to make them happen. R.I.A. Federal Credit Union can help with that!

- 1. Picture your goals.** Do you want to get good grades in school? Save some money for a family vacation? Write them down or create a vision board of pictures representing your goals. Visualizing goals helps you achieve them!
- 2. Save, save, save.** The best thing you can do to reach your goals is to put money into your savings account regularly.
- 3. Share your goals.** Snap a photo of your goal list or vision board and share it on social media! It feels great to share your goals and will inspire others as well.
